Wingify Software Pvt. Ltd.

QA Intern – Manual & Automation Testing

Engineering • 0-1 year • PartTime • Remote, Registered Office

Job Title: QA Intern
Location: Remote
Duration: 6 months+
Stipend: ₹25,000 per month

About the Role

Wingify is seeking a curious, detail-oriented, and motivated **QA Intern** to join our dynamic engineering team. This is an exciting opportunity to gain real-world experience in quality assurance within a fast-paced product company known for innovation and excellence. As a QA Intern, you'll work closely with our QA and development teams, learning and contributing to both manual and automated testing efforts. If you're passionate about building reliable software and want to kickstart a career in quality engineering, we want to hear from you.

Key Responsibilities

- Participate in manual and automated testing of our web-based products to ensure quality, functionality, and performance.
- Collaborate with QA engineers and developers to create and execute comprehensive test cases.
- Identify, document, and track bugs, inconsistencies, and usability issues to improve software stability.
- Contribute to the development of automated test scripts using industry-standard tools and frameworks.
- Learn and apply concepts from the Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC).
- Gain exposure to bug tracking and test management systems in a real-world product environment.

What We're Looking For

- A self-driven learner with a strong interest in software testing, quality assurance, and test automation.
- Solid analytical thinking and a sharp eye for detail—able to identify edge cases and potential issues.
- Basic knowledge of at least one programming language (JavaScript or Java preferred).
- Familiarity with software testing concepts, types of testing, and QA best practices.
- Strong communication skills and a collaborative approach to working in a team.

Why Join Wingify?

Real Impact: Contribute to products used by thousands of customers worldwide.

Wingify Software Pvt. Ltd.
